## Venue

We are proud to be able to host this event in one of the most amazing venues the area has to offer. Imagine 35,000 square feet - plenty of room to dance, socialize & explore, ceilings 58 feet above your head & large, clean bathrooms. This is not an over-used expo center or roller rink, but a world-class concert hall. Best of all it's conveniently located between Milwaukee, Madison & Chicago so that our entire Midwest family can join together to celebrate (specific directions to the venue will be recorded on the voice mail the day of the event).

## Sound

Log of South Bend, IN will be providing their largest audio rig to date. This massive system will include 24 Turbosound TMS-3 bass bins each loaded with 4-15" JBL subwoofers. In addition, they will be bringing another 8 cabinets, each specially loaded with 2-18" subwoofers. That's over 100 individual subwoofers !!! To ensure clear, even coverage throughout the venue, the Mid-High cabinets will be suspended above the stage. This will help eliminate the echo commonly found in large venues. Expect to be blown away by crystal-clear highs & earth shaking bass.

## Lighting

Eyegasm of Cleveland, OH will be providing an awe-inspiring array of Cyberlights, Intellabeams, Viper lasers & Dataflash strobes. From New York's legendary night club, Studio 54, to working for High End Systems (the manufacturer of Cyberlights & Intellabeams), Eygeasm has a history dating back nearly 25 years. You may have experienced his incredible lightshows at one of many Midwest events such as 420 (OH '97), Love Revolution (Chi '96), Ritual (Milw '94), Rave 'Em & Bail-E II (WI '96), Acidic Pyramid (Chi '94), Bassrush (KY '96), Decadance (Rkfd '95), Family Affair 3 & 4 (OH, '97-98) & and more. This will be his first show in the area for over 2 years !!! Assisting with the show will Milwaukee's Light Fantastik.

## Lasers

Centrak Lasers of Cleveland, OH will be providing a 10 watt FULL COLOR laser. Centrak has been in the business of Laser Spectaculars since 1985. They have staged hundreds of events for some of the largest sponsors in the world. You may have witnessed this laser at Rave 'Em & Bail-E II in Madison in '96, or more recently at Summer Rush '98 in Milwaukee.

Light Fantastik of Milwaukee, WI will be showcasing their new 1 watt argon, complete with computer animated graphics and text. Light Fantastik has done laser work for such high-profile events as Even Furthur '98 (indoor), Teenage Wasteland (2nd room), as well as many other events throughout the upper Midwest.

## Tickets

Tickets will be available at the door on the day of the event. Don't worry, there will be several ticket windows to allow for a quick and easy admittance. Check the voice mail for advanced ticket information.

## Security

Security will be friendly, but firm. Respect them and they will respect you. ILLEGAL SUBSTANCES WILL NOT BE TOLERATED. Please use common sense, your mom will be disappointed if you call her from jail.

10 OCTOBER 199

## Contact

We have done everything we can to ensure that this is the most intense event you have ever attended. We look forward to seeing you on October 10th. For the most up-to-date information, or if you have any comments or questions, please feel free to contact us via the following means of communication (e-mail is preferred for a quick response):
